

TARPORLEY COMMUNITY CENTRE – NEW ROOF APPEAL

What is the Problem?

- Our roof is now approaching 60 years old, has leaked at various locations in recent years
- The current roof tiles are no longer available
- Repairs are becoming increasingly difficult due to the poor condition of the roof

How are the Trustees tackling this?

- The decision has been made to replace the whole roof (approx. 7250 tiles)
- All roofing felt & battens will be replaced
- Asbestos is present and all of this must be removed
- An architect has been appointed
- The new roof must meet CW&C and Tarporley Conservation area requirements
- The work must conform to current Health & Safety regulations

Are there other benefits?

- Improved sound quality - acoustic tiles will be added to the ceiling of the Main Hall
- Energy saving – the thermal insulation of the roof will be greatly improved

Who will carry out the work and what will it cost?

- Several contractors have been asked to submit bids
- Expected price over £70,000

How are we raising funds?

- Using part of Tarporley Community Centre own reserves
- By applying for grants and donations
- Through our Just Giving web page
- Benefitting from fund-raising events such as TarpFest

When will the work be done?

- During a 6-7 week shutdown in July and August 2020

How to donate?

- Go to : <http://www.justgiving.com/campaign/TCC-NEWROOF>
or click the link on our website (below) and buy one or more tiles for £10 each
- By cheque made out to "Tarporley Community Centre"
write "Roof Appeal" and your name, address and phone number on the back of the cheque
and send to Mrs Linda Martin, Tarporley Community Centre, High St, Tarporley CW6 0AY
